THE ORIGINAL GRADE REPORT CARRIES AN EMBOSSED INSTITUTE SEAL WITH THE AUTHORISED SIGNATURE.

1. Course Codes

BIO	Biological Sciences	EES	Earth and Environmental Sciences
CHE	Chemical Engineering	ECS	Electrical Engineering & Computer Science
CHM	Chemistry	HSS	Humanities and Social Sciences
DSE	Data Science and Engineering	MTH	Mathematics
ECO	Economic Sciences	PHY	Physics

The medium of instruction for all courses in all disciplines is English

2. Minor – Applicable only for the BS-MS (Dual Degree) Programme

A student earning 18 or more credits in professional courses (3rd year of study onwards) along with other department specific additional requirements, as applicable, other than his/her parent discipline, will earn a 'Minor' in the said discipline.

3. Academic Semesters

Semester I: August to November

Semester II: January to April

Semester III (Summer Term): May to July

4. Repeat

Repeat means the student registers for the course in which he/she has obtained 'F' grade, during the regular semester. The credits of repeat course(s) are added to the attempted course credits.

5. Re-examination

Re-examination means student attempts the end-semester exam of a course in which he/she has obtained 'F' grade without registering for the course again. The credits of re-examination course(s) are not added to the attempted course credits.

6. Substitute

Substitute means the student replaces the course in which he/she has obtained 'F' grade, with another course. The credits of substituted course(s) are added to the attempted course credits.

7. Improvement

Improvement means the student attempts for the same course towards improvement of grade, during the regular semester. The credits of improvement course(s) are added to the attempted course credits.

8. Grading System*

Letter Grade	Definition/Numerical Value	Letter Grade	Definition/Numerical Value
O	10	D+	5
A	10	D	4
B+	9	F	0
B	8	I	Incomplete
C+	7	S	Satisfactory
C	6	X	Unsatisfactory

Note: The Institute does not declare percentage or award any division. Notionally, the CPI may be multiplied by a factor of 10 to obtain the numerical percentage.

9. SPI and CPI

The Semester Performance Index (SPI) is a weighted average of the grade points earned by a student in all courses during a given semester. The Cumulative Performance Index (CPI) is a weighted average of the grade points earned by a student in all the courses up to and including the last completed semester. SPI/CPI are calculated as:

$$SPI/CPI = \frac{\sum_{i=1}^n c_i g_i}{\sum_{i=1}^n c_i}$$

where c_i = credit for the i^{th} course; g_i = grade points secured by the student for the i^{th} course. For SPI, the summation is over all the courses credited by the student in that semester and for CPI, the summation is over all the courses credited by the student in all the completed semesters. 'S' and 'X' grades shall not be considered in the computation of the SPI/CPI.

The minimum CPI required for the award of BS/BS-MS (Dual Degree) and M.Sc./MS/MA/Ph.D. degree are 5.00 and 6.00 respectively, on a 10.00 point scale. The maximum CPI that can be earned is 10.00.

*The letter Grading System includes updates of 1-point scale, effective from January 2023.
